Re: Notice of Ex Parte Communication: ET Docket No. 03-122

Dear Ms. Dortch:

On Friday, 4 November 2005, on behalf of Cisco Systems, Inc., I had a brief conversation with Julius Knapp of the Office of Engineering & Technology to discuss the status of the above-noted matter. During this conversation I indicated that Cisco had some concerns about changing the current rules to allow monitoring of back-up channels in lieu of either a 60-second channel availability check or in-service channel monitoring.

Please direct any questions regarding this notification to me.

Respectfully submitted,
